

GAS STOVE

QS-G 90X50

Freestanding Metal Gas Stove with oven

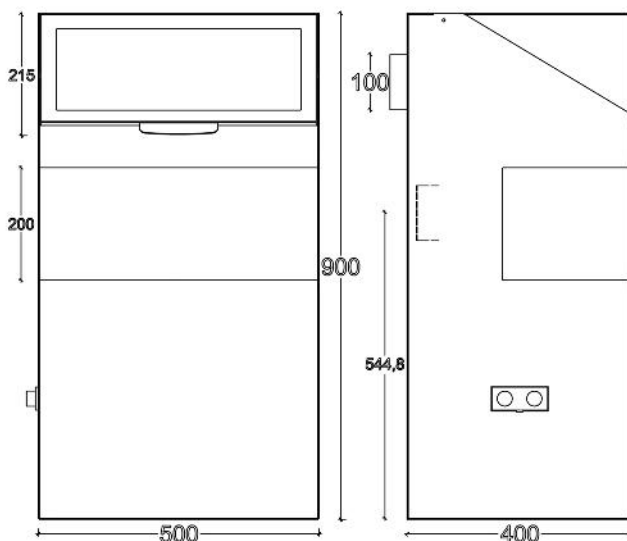

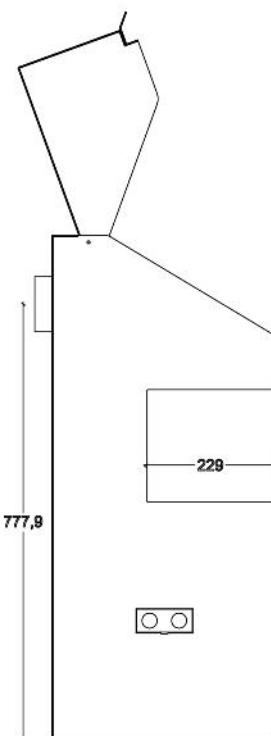

58.kg

6-9 kw

CE Certificate NO:9844

MAXITROL®

GV32

fireplace

patio heater

The GV32 is manually operated and is adjustable between low fire and high fire. At low fire the GV32 still provides heat and, as applied to fireplaces and log sets, an aesthetically pleasing flame.

- Operation: manually controlled
- Integrated piezo ignitor
- Integrated pressure regulator (optional) or throttle (CE only)
- Customized to OEM specifications
